

For the able and the disabled
St Francis of Assisi, Pottery Lane, London W11 4NQ

Although the lockdown is being eased and life is very slowly going back to normal, the threat of Covid19 is still very real. For the time being older people are advised to **continue to take particular care** and minimise contact with others outside their household. Let's hope we will be able to resume our coffee mornings and outings soon...

Meanwhile there are lots of different things you can do and enjoy at home.

Why not share a poem you've written, let us admire what you have created, knitted, sewn, painted or grown? (Please contact Anne)
